

EDITORIAL

The present digital edition corresponds to the 15th volume of our annual magazine *Guidance and Society*. For now we don't count with the printed edition due to economic reasons, but we are managing to solve these problems. Our editorial venture is costly mainly because the papers are presented in two languages (Spanish and English) and we also include abstracts in Portuguese.

This volume contains three **Central Works**:

- WORKING CONDITIONS AND ENVIRONMENT AND HEALTH, by *Julio César Neffa*
- “DEL OTRO LADO DEL ESPEJO” (FROM THE OTHER SIDE OF THE MIRROR). REFLECTIONS ABOUT KNOWLEDGE AND SOCIETY, by *Rossana Scaricabarozzi*
- RAVEN'S PROGRESSIVE MATRICES, ARGENTINEAN NORMS FOR AGES 13 TO 18 AND FLYNN EFFECT, by *Lilia Rossi-Casé, Rosa Neer, Susana Lopetegui, Stella Doná, Bruno Biganzoli & Ramiro Garzaniti*

In the **Research Advances** section we have included:

- A STUDY ON GENDER NON-CONFORMING SUBJECTS IN CURRENT SOCIETY. SELF-PERCEPTION OF BODY AND IDENTITY, by *Ariel Martínez*
- PERCEPTIONS OF PSYCHOSOCIAL RISK AT WORK: AN EXPERIENCE WITH NON-PROFESSIONAL EMPLOYEES AT UNLP, by *Julieta Cassini*
